

Data Discoverability

eResearch 2025
Brisbane Convention Centre
20-24 October

ARCITECTA

Defining a research data discovery architecture

- ✧ **Isabel Ceron** – Futures Manager, TERN
- ✧ **Yvette Wharton** – eResearch Solutions Lead, University of Auckland
- ✧ **Ai-Lin Soo** – Project Manager, Research Technology Services, University of NSW
- ✧ **Marlies Hankel** – Senior Development and Consultation Manager at Research Computing Centre, University of Queensland

What is 'data discovery'?

How should discovery behave?

What is working well in the data discovery space?

What pieces are missing?

Thoughts on conversational AI / natural language search as a data discovery tool?

Keep the conversation going...

- Stop by our booth to expound on these ideas!
- Scan the QR code to register your interest in a working group
- Email us to join the working group:
